

# Geo-Enabled System for Parivar Pehchan Patra (PPP)

## Comprehensive Family Identify Database in Haryana

### Introduction

PPP is a unique family ID system introduced by the Government of Haryana. It aims to create a single verified database of families in the state.

### Issues faced by the Citizens

- Citizens have to apply-chase the government
- Re-submission of paper certificate/records every time for a service/benefit applied

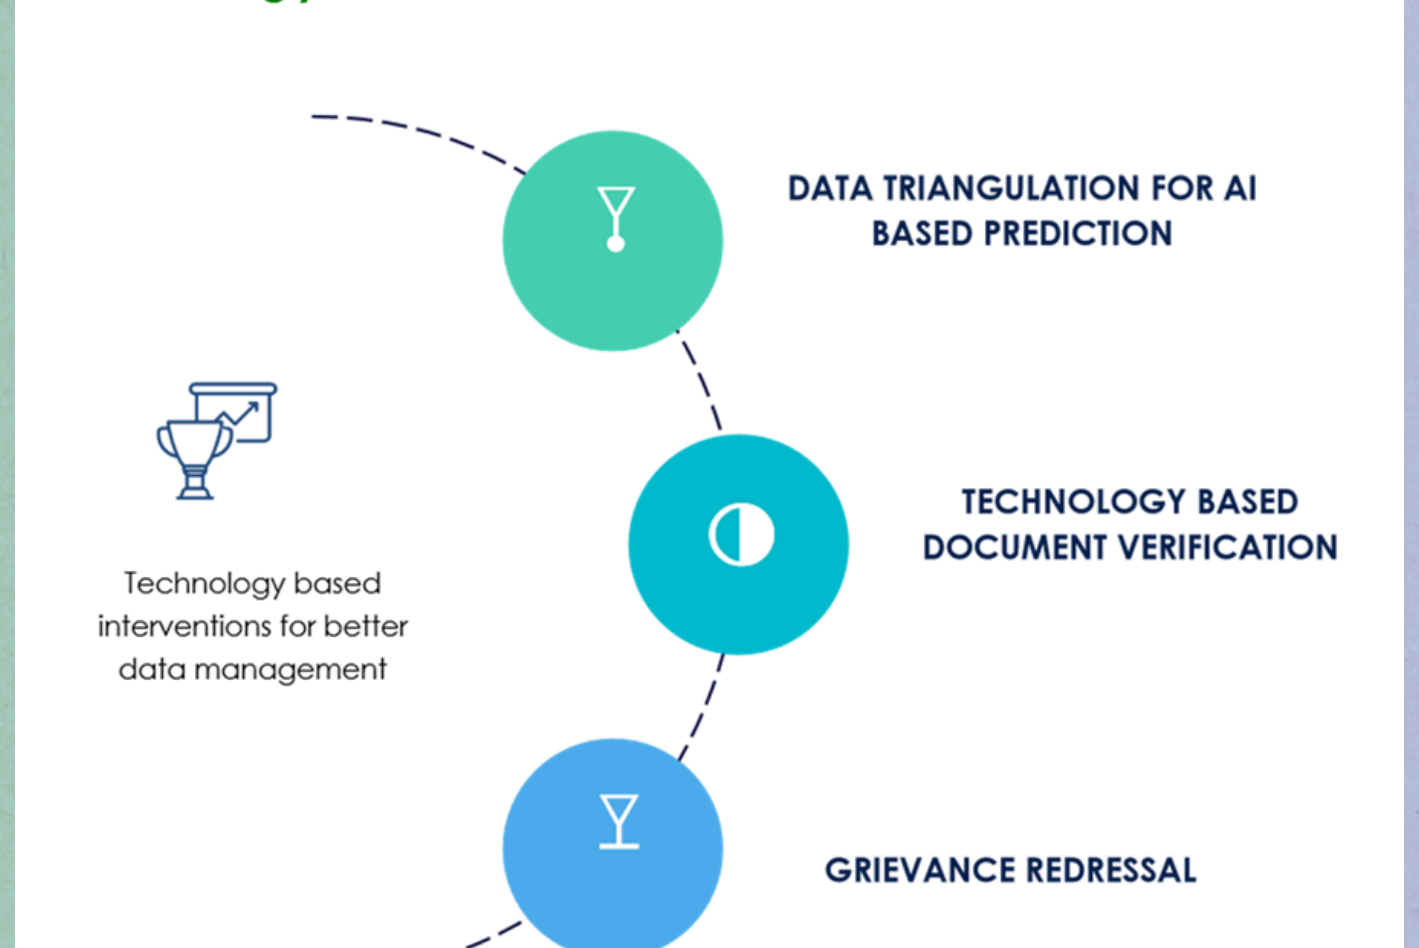

### Issues faced by the Government

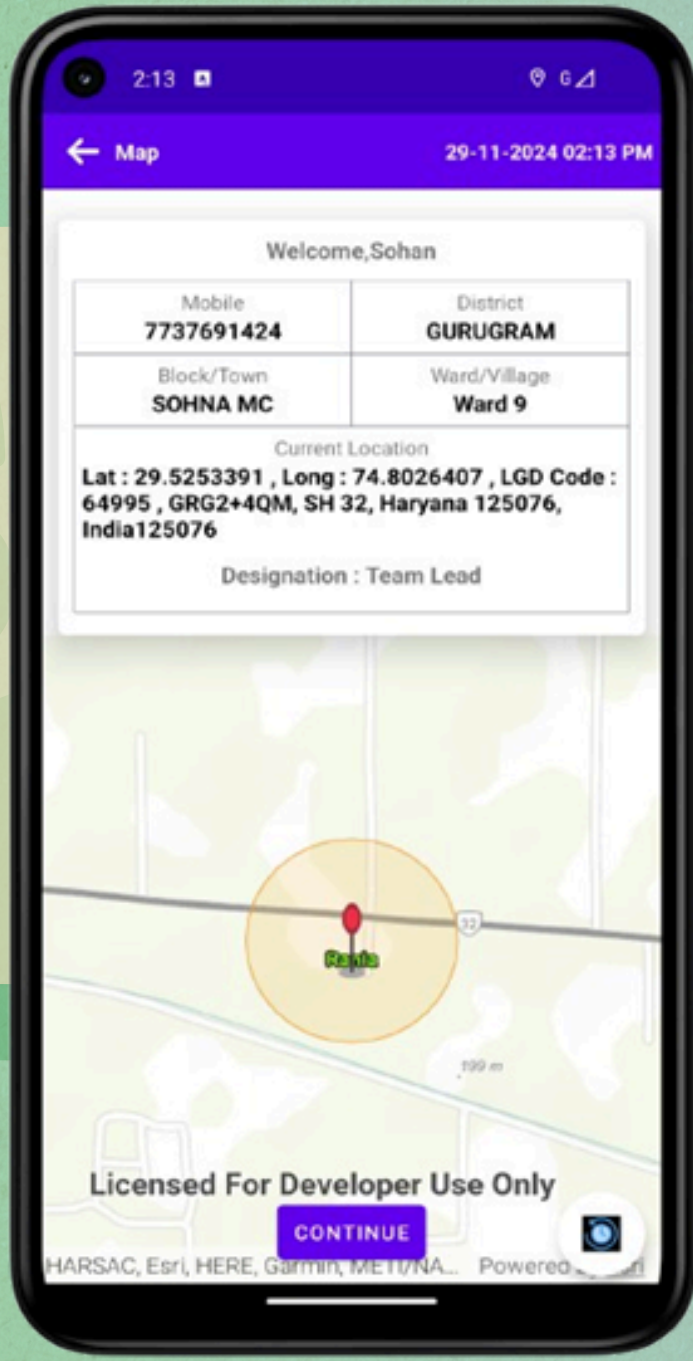

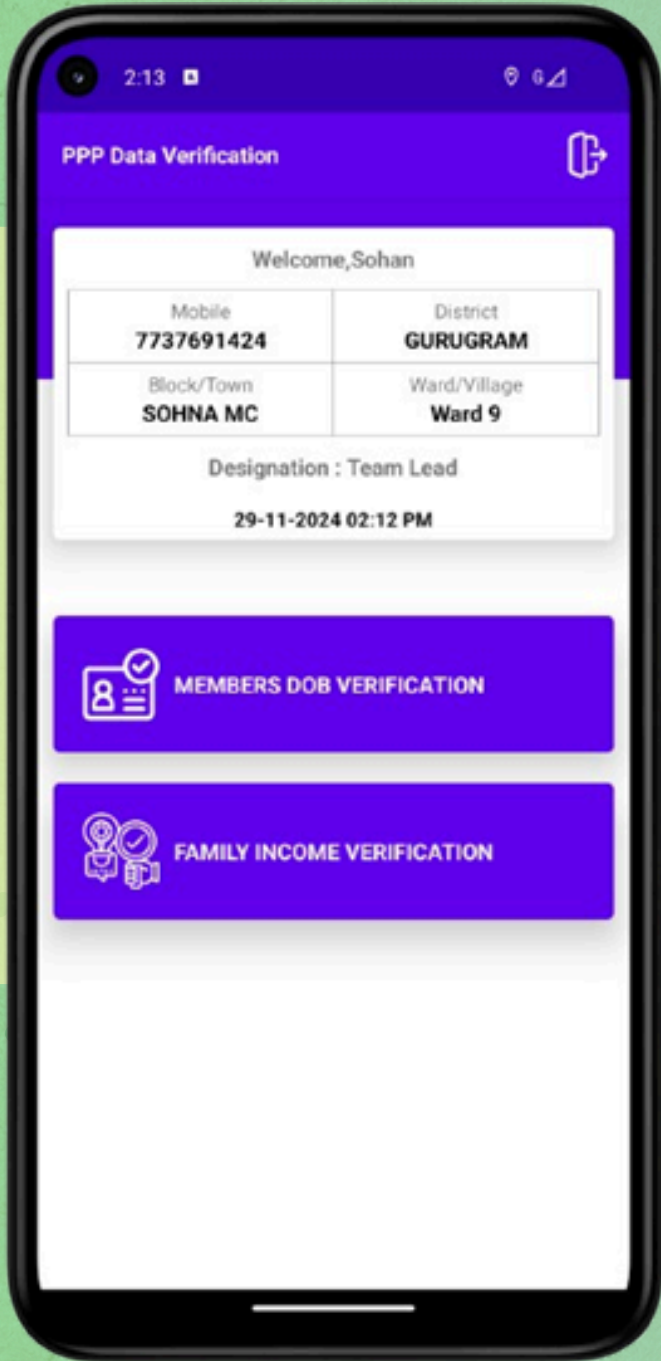

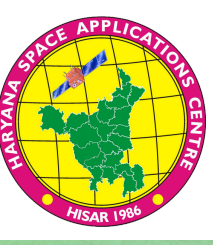

- Inaccuracies in Beneficiary Selection
- Multiple databases functioning in Silos

### Where can Aadhaar not help directly?

- Does not capture some key data elements
- Does not tell about the eligibility of a person
- Can not give overview of family vis-à-vis Governance initiatives

### Technology for Governance

## Proactive Services

- Old Age Pension
- SC/ BC/OBC certificate
- Income Certificate
- MMPUY
- Ration Card
- Ayushman Card
- Swach Sarvekshan
- Vivah Shagun
- Divyang Pension

The objective of PPP is to provide Proactive, Hasslefree service delivery to the citizen at his Doorstep.
